

LIF – A peer learning forum for Christian professionals & academics

The Vision

LIF began in 2015 when Christian faculty members from seven HK institutions came together with a vision for faith-learning integration to engage society and culture.

The first five annual conferences culminated in the celebration of the May 4 Centenary in 2019. After a break in 2020 due to the pandemic, we resumed online in 2021 and 2022 with “Faith & Vocation in a Time of Transition” and “Serving Our Generation in Changing Times” as our themes respectively.

We are thankful for technology that has made it possible for participants to join us not only from the Mainland, but also a few Asian countries outside of Hong Kong.
